Mental Maths Breakfast Club
Every Wednesday at 8.10am, Starts 6th November

Dear Year 6 Parents

Starting after half term, there will be a weekly Mental Maths Breakfast Club for Year 6 children. Mrs Bainbridge, Mr Johnson and I will be running it and we hope to use the time to improve children's arithmetic skills as well as build some confidence in the run up to the SATs tests next May (which comes around much quicker than the children imagine).

Breakfast will involve toast, jam and a glass of milk and will be free. The club is for all children, regardless of how good they think they are at Maths. From experience, children will find it fun and beneficial.

If you would like your child to attend, simply send them along to the mini hall door each Wednesday at 8.10. I look forward to seeing them there.

To avoid accidents, if you drop your child off, please don't drive right in to the staff area of the car park.

Yours faithfully,

Peter King
Headteacher
